Gary Davison - Managing Director

Gary has over 30 years experience in the Australian Mining Industry. He has a Master's in Mineral and Energy Economics and a Diploma in Engineering (Mining). Gary holds a first class managers certificate for above and below ground mines in Tasmania, Western Australia, Victoria and New South Wales. He has extensive experience in corporate advice both nationally and overseas and also holds other board positions.

Kevin Dugan - Director

Kevin is a Rock Mechanics Engineer and Engineering Geologist. His primary degree is in Geology with a Master's in Rock Engineering. His experience covers over 35 years both nationally and internationally in both open pit (metal and coal) and underground mines, conceptual studies, bankable feasibility studies and minereviews.

Lyn Stribley - Business Development Manager

Lyn was a founding member of Mining One working on the business plan and cost analysis that helped start the successful business that it is today. After developing a strong administration background, Lyn moved into project management working closely with clients and building client relationships.
